

Leading Light Wind

Leading Light Wind (LLW) Offshore Wind Lease OCS-A 0542

LLW secured lease OCS-A 0542 in 2022 and was awarded a 2,400-megawatt contract in January 2024 by the New Jersey Board of Public Utilities. The ~84,000-acre lease is located approximately 40 nautical miles east of Atlantic City, NJ and 75 nautical miles south of Long Island, NY.

Conclusion of Seabed Characterization & Avian Surveys

This Mariner Update replaces Mariner Update #13. LLW has concluded all seabed characterization and avian surveys. Information about any upcoming surveys will be distributed in a future Mariner Update. Active and past Mariner Updates can be viewed on the LLW Mariners page at www.leadinglightwind.com/mariners.

- On 17 November 2024, the **DANIELLE MILLER** concluded benthic operations for the project.
- On 20 November 2024, the **ATLANTIC PEARL** concluded avian surveys for the project.

Contact Us

Leading Light Wind remains committed to maintaining communications with fishing communities and other mariners in the area via these periodic updates, dock visits, informational speaking engagements, and the additional information posted on the [Mariners Page](#) on the [LLW website](#). Mariners are also encouraged to contact Leading Light Wind's Fisheries Liaisons with any specific questions about project activities in relation to fisheries.

If you believe your fishing gear was lost or damaged as a result of LLW survey activities, please alert the project Fisheries Liaison and complete a Fishing Gear Damage or Loss claim form which can be found on the LLW Webpage: www.leadinglightwind.com/mariners.
